Samuel L. Beiler Esq.,

Vice Chan. American Univ.,

1425 New York Avenue,

Washington, D. C.

Dear Sir:-

We beg to acknowledge, with thanks, receipt of yours of June 1st, relative to the meeting in Boston in the interests of the American University. In reply we would say that Mr. Howe leaves for Boston tonight, and will reach there Thursday morning. He will remain for a week, perhaps ten days, and as soon as possible after his arrival, will arrange for a meeting with Messrs. Olmsted & Co. As soon as these facts are ascertained, he will telegraph you at Washington, so that the three interests may be brought together. This really seems the best solution of the proposition, as it is not quite practicable for Mr. Howe to fix from here a date when he will be at liberty in Boston, or to determine when such a meeting can be arranged with Messrs. Olmsted & Co.

We think a meeting of this sort would be extremely useful, and shall be very glad if it can be brought about.

Very truly yours,

Van Brunt & Howe
