Dear Sir:- We have received your letter of the 25th instant.

We have made sketches from time to time since our Mr. Olmsted saw you, but had not arrived at any satisfactory conclusion when we took up the matter again a few days ago, since when we have been working at it full blast. We hope to present some alternative sketches for Bishop Hurst's consideration, and if he returns them in time, we can, no doubt, complete a plan by the 1st of October.

When our sketches are ready, we will send you duplicate copies, so that you can send one to Bishop Hurst, while keeping one yourself.

Yours truly,

Olivetice Oliveter Peliot
