Dr. C. B. STEMEN, Dean of the Fort Wayne College of Medicine, and Editor of the Fort Wayne Journal of Medical Sciences, is authorized to develop and organize the Medical Department of the American University at Washington, D. C., and he is hereby commended to the esteem and confidence of all friends of this important undertaking

JOHN F. HURST Chancellor

Fort Wayne, Ind.,

Nov. 18th 1895

Rev. S. L. Beiler D.D.,
Vice Chancellor American University
Washington D.C.

My dear Bro:- Last week I visited St Louis and Kansas City, met the surgeons of the Wabash Railway at St Louis, and presented briefly the American University, At Kansas City I met the members of the faculty of the College of Physicians and Surgeons and gave a lecture to the students, and also the faculty and students of the University Medical College, I am pleased to say that the profession so far are enthusiastic for the up building of this department and I have some prospects of getting a donation from Kansas City, but it will take time and labor to develop this department.

When had I best come to Washington City? I have made arrangements for the first of December, please write to me and let me know when you think it will be the best time, I want to see Senator Brice as soon as convenient. We are all well

Yours truly
C. B. Stemen
