# ENLACE

P.O. Box 45211, Washington, D.C. 20026 (703)671-3235

Latino lesbians and gay men of the Washington, D.C. metropolitan area organized in the summer of 1987 to form **ENLACE**. The principal objectives of the organization are to work toward the abolishment of discrimination against Latino lesbians and gay men because of their ethnicity, sex, or sexual orientation; to develop leadership ability among Latino lesbians and gay men; to promote Latino culture and heritage; and to build a strong political base for our community.

### CULTURAL\EDUCATIONAL

ENLACE encourages positive attitudes between and among gay and non-gay Latinos as well as in the gay community as a whole through educational forums and cultural events; by promoting awareness of AIDS and other health issues; by advocating for people with AIDS; and by promoting awareness of other issues relevant to our community such as in civil, legal and housing rights.

#### SOCIAL

**ENLACE** cultivates positive relationships among its members by holding regular meetings, cultural and social events and by presenting forums on relevant topics; by reaching out to other lesbian and gay Latinos; and by providing a non-commercial social alternative in the D.C. area.

### POLITICAL

ENLACE forms its political identity by raising the consciousness of Latino lesbian gay men on local, national, and international issues; by cooperating with local and national organizations in pursuit of health and human rights; and supporting the struggles of all people in the fight for human rights and civil liberties.

## MEMBERSHIP

**ENLACE** is open to anyone who endorses and supports the goals and activities of the organization. For further information, contact ENLACE at P.O. Box 45211 Washington, D.C. 20026, Telephone: (703)671-3235.
